Notes to the Interim Financial Report

We hereby present the Report of the unaudited Group for the three months ended March 31, 2009.

1. Basis of Preparation

The financial statements are prepared in accordance with International Financial Reporting Standards issued by the International Accounting Standards Board and comply with the provisions of the Jamaican Companies Act.

The accounting policies applied in these interim financial statements are consistent with those in the audited financial statement for the year ended December 31, 2008 with the exception of the revision of IAS 1 – Presentation of Financial Statements which came into effect after that date.

The effect of this revision is to present two (2) Statements of Income & Expenses (an income statement and a statement of comprehensive income), separately from owner changes in equity.

Components of other comprehensive income are not to be presented in the statement of changes in equity. The Balance Sheet is now referred to as the 'Statement of Financial Position', and the cash flow statement referred to as the Statement of Cash Flow.

2. Segment Reporting

The Group's reportable segments are as follows: -

1. The Media segments consist of both print and radio activities.
2. The books and stationery consist of selling books and stationery on both a wholesale and retail basis both to local and international markets
3. The other category consist of:
 - ❑ Consultancy
 - ❑ Factoring service provided

For management purposes, the Group is organized into three business segments, based on their products and services.

Management monitors the operating results of business segments separately for the purpose of making decisions about resources to be allocated and the assessing of performances. Finance cost, finance income and income taxes are managed on an individual basis.
